Change to Crossing Guard Location

We would like to inform you of an upcoming change to the crossing guard location, effective January 5, 2026.

The crossing guard will be relocated to the west side of Sooke Road. This change is being made to improve safety and traffic flow at the intersection. By positioning the crossing guard on the west side, vehicles will be able to safely turn left from Mt View Avenue while pedestrians are using the west-side crosswalk. An image has been attached to help illustrate this change.

This adjustment is intended to create a safer crossing environment for everyone.

Thank you for your understanding and cooperation. We kindly ask that you share this information with any children who walk to school independently, so they are aware of the upcoming change and know to use the crosswalk where the crossing guard is located. We also encourage families to model this behaviour when walking with younger children. Your support in helping keep everyone safe is greatly appreciated.
